RE: File B11/2021P
1419 Station Street

We have completed the review of the consent application B11/2021P for consent to convey 11,322 square metres of land (Parts 2 and 3), to be added to the abutting properties to the east (Part 4), for future development. Part 1 is to be retained for continued residential use of the dwelling known municipally as 1419 Station Street.

Upon this review, Public Works has the following comments;

1. That the applicant confirm that no existing utilities currently cross the proposed new property line. Should any services cross this new property line, the applicant will be responsible for costs associated with their relocation and/or removal.
2. That the applicant provides written acknowledgement that the owner will be responsible for payment of the front-ending contribution on all properties involved, payable to the Town of Pelham, for the East Fonthill storm water management system oversizing.
