THAT Application for relief of Section 5.54(a) “Apartment Dwelling” Definition – to permit dwelling unit entrances from the exterior without an interior corridor, whereas the by-law requires that dwelling units be accessible from a corridor system connecting with a common entrance from outside the dwelling, is hereby: GRANTED;

The above decision is based on the following reasons:

- 1. The variance is minor in nature as exterior individual entry for the ground-oriented apartment building is more appropriate and suitable with negligible impact.**
- 2. The general purpose and intent of the Zoning By-Law is maintained.**
- 3. The intent of the Official Plan is maintained.**
- 4. The proposal is desirable for the appropriate development and/or use of the land as it will allow for more efficient use of the interior space without having to compromise for a common lobby.**
- 5. This application is granted without prejudice to any other application in the Town of Pelham.**

6. No objections were received from commenting agencies or abutting property owners.
7. The Committee of Adjustment considered the written and oral comments and agrees with the minor variance report analysis and recommendation that this application meets the Planning Act tests for minor variance.
8. The Applicant understands that a Site Plan Agreement is required for the property.

AND THAT Application for relief of Section 6.16(d)(i) “Ingress and Egress” – to permit a minimum driveway width of 6.2m whereas the by-law requires 7.5m, is hereby: GRANTED;

The above decision is based on the following reasons:

1. The variance is minor in nature as no adverse impacts are anticipated as the parking area will function well and allow for the safe and practical movement of vehicles.
2. The general purpose and intent of the Zoning By-Law is maintained.
3. The intent of the Official Plan is maintained.
4. The proposal is desirable for the appropriate development and/or use of the land because it will help facilitate the ground-oriented development of a new apartment building with moderate height and massing, designed to fit the character of the neighborhood.
5. This application is granted without prejudice to any other application in the Town of Pelham.
6. No objections were received from commenting agencies or abutting property owners.
7. The Committee of Adjustment considered the written and oral comments and agrees with the minor variance report analysis and recommendation that this application meets the Planning Act tests for minor variance.

AND THAT Application for relief of Section 6.16(i) “Parking Area Location on Lot” – to permit a minimum parking area distance of 3.7m to the street line and 0.9m to the south side lot line for the existing front parking area whereas the by-law requires 7.5m to the street line and 3m to the side lot line or rear lot line, is hereby: GRANTED;

The above decision is based on the following reasons:

- 1. The variance is minor in nature as no adverse impacts are anticipated due to the fence along the south lot line which provides buffering between the subject parcel and neighbouring site.**
- 2. The general purpose and intent of the Zoning By-Law is maintained.**
- 3. The intent of the Official Plan is maintained.**
- 4. The proposal is desirable for the appropriate development and/or use of the land because it will help facilitate the ground-oriented development of a new apartment building with moderate height and massing, designed to fit the character of the neighborhood.**

- 8. The Applicant understands that a Site Plan Agreement is required for the property.**

AND THAT Application for relief of Section 17.2(g) “Minimum Rear Yard” – to permit a minimum rear yard of 5m whereas the by-law requires 12m or one-half the height of the building, whichever is greater, is hereby: GRANTED;

The above decision is based on the following reasons:

- 1. The variance is minor in nature provided the proposed building height is two-storey and that a planting strip will be provided to create a physical buffer separating the proposed building and rear lot.**
- 2. The general purpose and intent of the Zoning By-Law is maintained.**
- 3. The intent of the Official Plan is maintained.**
- 4. The proposal is desirable for the appropriate development and/or use of the land because the two-storey height will help to minimize the building’s overall visual impacts on the subject and adjacent lands.**

2. The general purpose and intent of the Zoning By-Law is maintained.
3. The intent of the Official Plan is maintained.

The above decision is based on the following reasons:

- 1. The variance is minor in nature as the front yard landscaping remains unchanged while the site provides an abundance of amenity area.**
- 2. The general purpose and intent of the Zoning By-Law is maintained.**
- 3. The intent of the Official Plan is maintained.**
- 4. The proposal is desirable for the appropriate development and/or use of the land as well placed and high quality landscape treatment is required.**
