

INNOVA STEM MOBILE LAB

The Mobile Lab

The use of Innova STEM Mobile Lab allows camps/districts to have access to technology and equipment not readily available to many. In lieu of using scarce funds to purchase equipment that experiences valuable but limited use throughout the year, districts can rent the technology and support necessary for only the time required. The mobile lab allows teachers to provide engaging and meaningful experiences that bring learning to life, and to do so in a budget-conscious manner.
